DELINEATORS AND FLEXIBLE MARKERS :

Steel-Flex Technology[®]

STEEL-FLEX® BENEFITS

Safety

Bends easily and straightens immediately to prevent vehicle damages and potential injury.

Visibility

Features non-fading reflective vinyl strips for better visibility at all times.

Durability

Designed in anti-corrosion steel able to withstand more than 1500 impacts and guaranteed for 10 years.

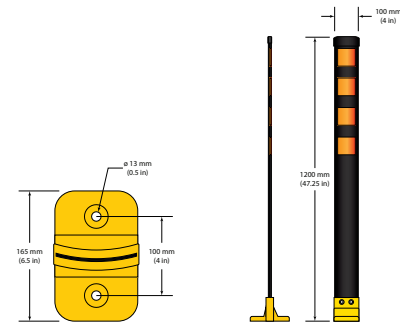

VERSATILE AND CUSTOMIZABLE

→ Accentuate existing road signs, define bike paths, or create safety corridors near crosswalks.

→ Display appropriate indications according to each application and can be installed on every type of ground.

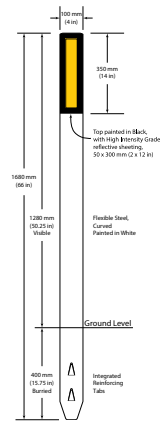

► STEEL-FLEX – INSTALLATION ON PAVEMENT

For bicycle roads and pedestrian corridors

► STEEL-FLEX – INSTALLATION IN THE GROUND

For road works

► OPTION : FLEXIBLE DELINEATOR

To remind drivers' of the speed limit and slow down vehicle traffic by the effect of road narrowing.
