

## PERSONALIZED SIGNAGE :

### City entrance signs

Being the first communication showcase for your citizens and visitors, Kalitec city entrance signs are manufactured according to the image and personality of your municipality.

# BENEFITS

## Robust and durable

25 year warranty against perforation due to corrosion.

## Easy setup

Easy installation thanks to our planted piles which do not require a concrete block.

## Free design

Preliminary shop drawings and budget evaluation free of charge.

## Safe

Meets all visibility and safety standards.

## TWO CATEGORIES OF PANELS TO MEET YOUR NEEDS.

### Custom panels

Of all shapes and colors, they are infinitely customizable.

### Letter cutouts

Custom cut and constructed from premium aluminum alloy.

Kalitec offers a 100% personalized graphic design service that includes a customizable combination of shapes, sizes, supports and visual elements for your signage.
