

## DELINEATORS AND MARKERS :

### Kalitec cutout

The Kalitec cutout displays the image of a realistic life-size child as well as an awareness message to encourage motorists to slow down in areas frequented by children.

Please  
slow down  
for my safety

# BENEFITS

### Effective

Educational tool that has proven itself and is appreciated by citizens.

### Visible

Attracts attention from afar to slow down vehicles as soon as it enters drivers' field of vision.

### Durable

Manufactured with quality materials to maximize lifespan.

## MODELS

### FLEXIBLE

- Installed in the center of the road.
- Creates a narrowing corridor, encouraging motorists to slow down.
- Placed on a flexible 180 degree bendable Steel-Flex base that recovers immediately after an impact.

### RIGID

- Installed on the side of the road.
- Aluminum panels coated with Print Armor<sup>MC</sup> anti-graffiti protection.
- Placed on two aluminum poles that can be installed on any type of ground.

## TWO AVAILABLE OPTIONS :

- 1) Choose from standard models
- 2) Customize the image and the awareness message
